Definitions

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

- ✓ “First Available Exam Date” is the date for the first available exam after a student completed a program.
- ✓ “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- ✓ “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
- ✓ “Salary” is as reported by graduate or graduate’s employer.
- ✓ “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

STUDENT'S RIGHT TO CANCEL

The student has a right to cancel an enrollment agreement or withdraw from a program and obtain a refund. They may cancel an agreement by providing written notice, by mail or in person to: John Lopez Welding School, 2925 Mosasco Street, Unit B, Bakersfield, CA 93312. The notice of cancellation can take any form. If written, it must be signed and dated by the student.

Withdrawal: A withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance.

Refund Information: The student has a right to a full refund of all charges if he/she cancels an agreement prior to attendance at the first class session, or the seventh day after enrollment, whichever is later. After this, the registration fee and the Student Tuition Recovery Fund assessment are both non-refundable. The book and materials fee will be returned if the books and materials are unused and returned in good condition within 30 days of written notice of withdrawal. If certificate fees were charged and tests were not taken, they will be refunded. In addition, the student may withdraw from a course and receive a pro rata refund for the unused portion of the remaining charges at any time.

Refunds are calculated based on the last day of attendance as follows. First, the total refundable charges paid are divided by the program's total number of classroom hours to establish a quotient (cost per hour). This quotient is then multiplied by the actual hours that the student had completed. The resulting amount is subtracted from the total refundable charges paid to determine the refund dollar amount.

For example, in a case where a student completed only 75 hours of a 100-hour program and had paid a refundable tuition amount of \$4,800, the refund is calculated as follows; \$4,800 divided by 100 hours equals \$48 per hour. Seventy-five clock hours of instruction were received. \$48 per hour times 75 hours equals \$3,600. This amount is subtracted from the total refundable charges ($\$4,800 - \$3,600 = \$1,200$) leaving a refund amount of \$1,200.

If the school cancels or discontinues a course of instruction or educational program, the school will make a pro rata refund of all charges for instruction not received. Refunds will be paid within 45 days of cancellation or withdrawal.

If the school receives payment from any third party financier and for some reason a refund is due, that refund will be made to the entity that provided the original payment. If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund made to the third party financier. Also, if a student has received federal student financial aid funds, the student is entitled to a refund of the monies not paid from federal student financial aid program funds.
